# INTRODUCTION

Welcome to the Euro 2018 Challenge! This guide is to give participants an understanding of the competition, its rules and procedures, and to help them prepare for it. We hope you enjoy your experience.

The Euro Challenge is a program of the Delegation of the European Union to the United States (“The Delegation”) and was created to promote an understanding of the euro area (EA) and the euro. The program provides 9<sup>th</sup> and 10<sup>th</sup> grade students with an exciting opportunity to research and explore economic issues facing countries in the euro area and propose solutions to them. Culminating in a competition, teams of 3-5 students present their findings during regional heats. The best teams then compete in a national finals in New York City.

The Euro Challenge was launched in 2006 by the Delegation in partnership with The Moody's Foundation and with support and advice from the Federal Reserve Bank of New York and Working in Support of Education (w!se). The program is supported by BNP Paribas, Florida International University, the University of Pittsburgh, the University of Illinois, the University of Texas at Austin, Rutgers University, University of Washington, the Federal Reserve Bank of Chicago (Detroit Branch), the World Affairs Council of Charlotte, the World Affairs Council of Seattle, and the Federal Reserve Bank of Atlanta (Miami Branch).

The National Coordinator for the competition is w!se - the central point of contact for participating schools throughout the competition. w!se can be reached at:

Ethan Goebel, Senior Program Manager  
Working in Support of Education, 227 East 56<sup>th</sup> Street, Suite 201, New York, NY 10022  
Phone: (212) 421-2700, Fax: (212) 980-5053

Individual states or a grouping of states have been designated as a region and in each region, a regional coordinator (listed in Appendix 1) organizes the Preliminary Round of the competition. These coordinators are the regional points of contact for participating schools in each respective Preliminary Round. **If you are unable to reach your regional contact person for any reason and have questions, please contact w!se.**

# THE 2018 CHALLENGE

Teams competing in the Euro Challenge are expected to address the three-part Challenge Task:

- 1) Describe the current economic situation in the euro area (the economic region consisting of the EU member countries who have adopted the euro). Be sure to include a discussion of GDP growth, unemployment, and inflation in the euro area.
- 2) Select one of the following nine economic-related challenges and pick one of the member countries of the euro area to illustrate that challenge:
  - Promoting Investment and Innovation
  - Demographics and an Aging Workforce
  - Banking Union and Financial Stability
  - Globalization and Migration
  - What Role Does Fiscal Policy Play in Promoting Growth?
  - Tackling High Unemployment
  - Living with a Single Monetary Policy
  - How to Overcome Slow Growth?
  - Inequality and Social Spending
- 3) Recommend a policy or policies for addressing the challenge you identified in the country you selected. Be sure to include in your recommendation a discussion of how having a single currency may, or may not, affect the policy choices for addressing the challenge.

## RECOGNITION AND AWARDS

### MONETARY AWARDS

Competing students and teachers from all participating schools will receive electronic certificates for distribution. At the end of the Final Round, one (1) team trophy will be awarded to each of the finalist schools.

Appropriate monetary awards, generously provided by The Moody's Foundation, will be distributed by w/ise to the finalist teams thirty (30) days after the Final Round is completed. Checks for each student will be sent by mail to the faculty advisor. Subject to grant approval, the monetary awards for the Euro Challenge in 2018 will be:

1 <sup>st</sup> Place	\$1,250	\$3,750/\$5,000/\$6,250
2 <sup>nd</sup> Place	\$1,000	\$3,000/\$4,000/\$5,000
3 <sup>rd</sup> Place	\$750	\$2,250/\$3,000/\$3,750
4 <sup>th</sup> Place	\$500	\$1,500/\$2,000/\$2,500

## RECOGNITION AND AWARDS RECEPTION

All semifinalist and finalist teams are invited to the Recognition and Awards Reception hosted by The Moody's Foundation at the Moody's Corporation, 250 Greenwich Street, New York, NY 10007. The Reception will follow the Final Round of the Euro Challenge and include a presentation of the awards by representatives from The Delegation and The Moody's Foundation. All finalist teams are required to attend the Reception. Each team must pre-register through w!se for the Reception. As space is limited, no friends, families or non-school associated guests will be allowed to attend; regrettably, there can be no exceptions to this rule. Once a team has registered, any request for substitutions will have to be made in writing by the faculty advisor to w!se.

## TRIP TO WASHINGTON, DC

Subject to grant approval by Moody's, the top two finalist teams in this year's competition will also earn a trip to Washington, D.C. in the spring of 2018 (late May or early June), to visit The Delegation and other institutions. The grant covers transportation to and from Washington, D.C. together with lunch on the day of the trip. Hotel accommodations for the (3-5) competing student team members and one faculty advisor as well as dinner on the day of the trip may also be covered.

A **minimum of three (3)** and a **maximum of five (5)** students can present as a team. Additional students can assist with the preparation of the team's presentation.

**Team members cannot change between Rounds unless a specific student is UNABLE to participate. This change must be submitted in writing (i.e. fax or email) to w!se at least one (1) week prior to any Round. If the change in a team's roster is deemed to be unauthorized, the team will be disqualified.**

At their sole discretion, regional coordinators may limit the number of alternates who can attend on-site Preliminary Rounds of the competition. **No more than TWO alternates may attend the Semifinal and Final Rounds of the competition.**

## TEAM IDENTIFICATION

After registering for the competition, participating teams will be given a team number (or other anonymous designation) by which they will be identified. Teams **MUST NOT** name/disclose their school when they make their presentation virtually or on-site in front of the judging panel. All teams that advance to the Semifinal Round will be issued a new team number and **MUST NOT** state their school name to the panel of judges.

## TEAM PRESENTATIONS

In each Round (Preliminary, Semifinal and Final), teams will make a 15-minute presentation. Team presentations are expected to address **ALL PARTS** of the three-part Challenge Task. Teams may choose any format for their on-site or virtual presentation (e.g., role playing, simulation, PowerPoint, videos, slides and/or other visual or tangible aids). All team members are required to deliver a part of the presentation in each Round.

Semifinalists **ARE** permitted to update their presentations after the Preliminary Round. Changes can be made to the data and content of the presentation, **but the challenge issue and country selection MUST remain the same.**

In preparation for the competition, teams are encouraged to view Final Round presentations from previous years of the Euro Challenge. These presentations are located at: <https://www.euro-challenge.org/video-gallery/>. Teams can also view additional resources such as instructional videos on topics (e.g., answering question 1 of the Challenge Task), information on the nineteen countries that make up the euro area and links to related articles and websites at: <https://www.euro-challenge.org/challenge-sheets/>.

## QUESTIONS AND ANSWERS

During **ALL** Rounds, following their 15-minute presentation, each team will participate in a 10 minute question-and-answer period. Judges will ask the team members several different types of questions, such as:

- Follow-up questions based on the presentation
- Questions related to the Euro Area and the implications of adopting the euro
- Questions designed to determine students' understanding of basic economic concepts

Team members are permitted to briefly and quietly discuss the questions (i.e., huddle) before answering; however, they should limit the frequency and duration of all consultations. Please note, the judges' scoring rubric includes a rating for team participation i.e. substantial participation by all team members during the question-and-answer period.

## SCORING

Judges will score team presentations based on the following scoring criteria:

- Knowledge about the current economic situation and related challenges facing the euro area and the country selected and about the economic consequences of adopting the euro (30%)
- Recommended policy prescription including creativity and feasibility of policy response and justification of how policy effectively addresses challenge in the country selected (20%)
- Responses to judges' questions (20%)
- Depth of research and analysis (10%)
- Quality of presentation (10%)
- Teamwork and cooperation (10%)

The official 2018 Euro Challenge scoring rubric and judge's rules will be used on all competition days (i.e., during the Preliminary, Semifinal and Final Rounds).

Please review the scoring rubrics at [www.euro-challenge.org](http://www.euro-challenge.org) for a more detailed explanation of these criteria.

## JUDGING

Presentations will be reviewed and scored by 3-4 judges during each Round. Selected judges come from a variety of backgrounds including academics, business, finance and the diplomatic community and attend a training. **All judges are permitted to judge only ONE Round of the competition.**

## COMPETITION RULES & PROCEDURES

# Appendix 2: Euro Challenge WebEx User Guide

In order to give a Virtual Preliminary Round presentation, teams **MUST** have a computer with a functioning webcam and Internet access. Teams must **ALSO** have access to a telephone with a **SPEAKER**.

## 1) Test your System Configuration

**BEFORE THE DAY** of the Preliminary Round, your students should test the system on the computer they will be using for their presentation to ensure the WebEx system is compatible. To test the system configuration, please follow the steps below:

**Step 1:** Visit <http://www.webex.com/test-meeting.html>.
